

- Print both pages
- Cut out the circle and rectangles
- Fold along the dotted lines on the rectangles and cut out the notches so the points face outwards
- Decorate!
- The rectangles will become the sides of your hat.
- When you've finished, use the notches to stick your brim and your top to the rectangles.

Keep both circles intact as you'll be using both!
The outer ring is your brim, and the inner circle is the top of your hat.
You could also print two copies of this page.
